

How we helped a global carbon capture company close their Series D and E financing

Venue by **DFIN** 

**DFIN CASE STUDY** 

**CORPORATE SNAPSHOT** 

Svante makes commercial-scale carbon capture and removal a reality

### Founded in 2007

Based in Vancouver, BC, Canada

### Achieves world first

VeloxoTherm<sup>™</sup> CO2 capture field demonstration

### Closes \$420M financing

Series D and E financing

### CHALLENGE

## Raising capital while protecting valuable intellectual property

Solutions for capturing carbon generated by industrial plants are essential for achieving sustainability goals. Yet, developing the required technologies and deploying them in the field is expensive.

Svante needed a highly secure platform to protect innovative assets while raising capital from leading venture firms, strategic partners, and government agencies worldwide.

### SOLUTION

## Venue protects assets during global fundraising

Fundraising involves sharing and controlling proprietary, sensitive, and confidential information with external stakeholders in different locations. Venue corporate repositories and virtual data rooms offer the security and privacy safeguards you need and want to protect your information assets. That's why Venue is trusted globally by Fortune 1000 companies, startups, PE firms, investment banks, and government agencies.

**FACILITATE A WIDE RANGE OF PROCESSES AND DEALS** Support fundraising, deals, bids, and audits with one platform

# 66

I lead a broad team with core responsibilities for fundraising, capital markets activities, and strategic partnerships. Venue's affordable corporate repositories and virtual data rooms make it possible for my team to collaborate securely with stakeholders worldwide while raising more than \$400M during the past two funding rounds."
