

XBRL VIP (Variable Insurance Product) Taxonomy Guide

The XBRL Taxonomy Element Guide will help identify which elements (tags) are available when reviewing your iXBRL filing.

The list was created using the VIP 2026 taxonomy, which was released by the SEC on March 16, 2026.

We recommend using the most recent version of the VIP taxonomy to ensure you incorporate the latest XBRL tags. Click to navigate to the tags specific to [N-3](#), [N-4](#) or [N-6](#), or view the complete taxonomy on the following pages.
