

FACT SHEET | ACTIVE DISCLOSURE

Meet the Next Generation of ActiveDisclosureSM

DFIN's cloud-based platform for secure, accurate filings on time, every time

Real-time collaboration, real accuracy – really simple.

We've transformed ActiveDisclosure into a browser-enabled platform that brings teams together across departments, functions and geographies in real time. Give your team the power to create and edit Word, Excel or PowerPoint documents across devices, simultaneously.

DFINsolutions.com

The power of ActiveDisclosure. The familiarity of Microsoft Office™.

Seamlessly flow changes throughout your entire document – automatically – with ActiveLinkSM, our synchronous updating tool.

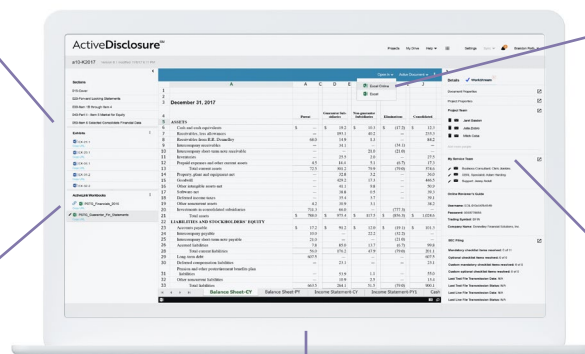

Now with co-authoring, allowing multiple users to edit Excel, Word and PowerPoint documents simultaneously.

A new generation of tools. The next level of collaboration.

Unparalleled flexibility
View and edit any Word, Excel or PowerPoint file right in your web browser or desktop app.

Unlimited visibility
Simultaneously edit Excel spreadsheets with unique co-authoring for multiple users.

Integrated experience
Take advantage of Microsoft Office Online features, enabling an Office 365-like experience within ActiveDisclosure.

Improved efficiency
The latest generation of ActiveDisclosure offers new collaborative editing features.

Optimized user interface
Enjoy an enhanced user experience with a simplified login and improved UI design.
