CHALLENGE

Quickly identify and mass redact personal data

GB Snowsport's tightly resourced team was concerned with managing and expediting DSAR requests from a time and resources standpoint. Additionally, GDPR rules and potential fines were a concern. They were seeking a solution that semi-automated the process of finding and redacting PII within the 30-day deadline.

SOLUTION

Data Protect Solutions by DFIN Saves Time and Money During Compliance

Once deployed, DSAR by DFIN enabled GB Snowsport to complete the DSAR process in a fraction of the time and with minimal need for oversight.

The DSAR took us a fraction of the time and cost to achieve, and we essentially managed to have one person run the entire process with very little oversight. We would highly recommend the use of DSAR by DFIN to any organization which needs to identify and redact large amounts of data.
