Future Proof Financial Reporting. Comply with the FDTA.

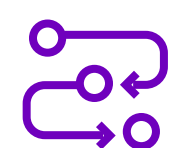

Comply with the new Federal Data Transparency Act. Use ActiveDisclosure to simplify report preparation, improve your processes and save time. ActiveDisclosure helps reporting teams streamline collaboration, increase accuracy and meet deadlines.

REPORT PREPARATION

Use existing tools (e.g., MS Office, ERP) with guided workflows, up-to-date templates and content libraries to accelerate report production.

- Annual Comprehensive Financial Reports (ACFR) and Budget Reports
- Agency Financial Reports (AFR) and Annual Performance Reports (APR)
- Performance and Accountability Reports (PAR)

COMPLIANCE RISK MITIGATION

Single sign-on (SSO) authentication with role-based access and permissions support compliance with internal governance and regulatory requirements.

- Internal Controls Over Reporting (ICOR)
