

# Commitment to Supplier Diversity

DATE: December 2023

Version 1.0

---

DFIN recognizes the value of a diverse supply chain and encourages suppliers to promote inclusive and equitable practices throughout their business. DFIN uses suppliers that offer competitive bids in terms of price, quality, services, and financial stability. We strive to engage a wide array of suppliers, including but not limited to small-to medium-scale suppliers from underrepresented groups.

## Our Vision

Our vision is to build a diverse and inclusive supply chain that creates opportunities for qualified suppliers to partner with us. Through our commitment to equity and inclusion, we will drive sustainable growth, foster innovation, and create economic opportunities that benefit our suppliers, stakeholders, and the communities we service.

## Our Mission

The program aims to continuously grow the diversity of our supplier base, create economic growth opportunities for marginalized communities, and foster innovation and competitiveness within our supply chain. The supplier diversity program will promote fairness by breaking down barriers to entry and providing equal opportunities for businesses to succeed.

## Supplier Diversity Qualifications

The DFIN Procurement Supplier Diversity Team classifies businesses as part of the Supplier Diversity Program that are at least 51% owned, operated and controlled by a member(s) from one of the following targeted enterprises:

- Woman-Owned Business Enterprise (WBE)
- African-American/Black
- Asian American
- Hispanic/Latin American
- Veteran-Owned Business Enterprise (VOSB)
- LGBTQ-Owned Business Enterprise (LGBTQE)
- Native American
- Disability-Owned Business Enterprise (DOBE)
- Service Disabled Veteran-Owned Business (SDVET)
- Small Business
- Minority-Owned Business Enterprise (MBE)
